

Open Your Eyes to Truly See Our Neighbors in Need

Know the facts
Explore the myths
Connect with others

Dr. Donna Beegle, a nationally-recognized expert in understanding, fighting, and overcoming poverty has produced a special Poverty Awareness Training series for the St. Vincent de Paul Society. We invite all parishioners to join us to watch, discuss and learn from this video series.

Time: 7:00 - 8:00pm on the 4th Thursday of the month

Dates: February 25, March 25, April 22

Location: Parish Center or via Zoom

Contact: Teri Cobb at wiscobbsin@gmail.com for the Zoom link

This training will challenge you to reflect deeply on what you believe about poverty and the people who live in it—examining how your perspectives impact the ways you communicate and relate with those you wish to empower. It will also provide proven strategies and practical action steps for improving outcomes for your neighbors who are living in the crisis of poverty.
